Wedding Rings

catalogue

Includes: Diamond, Platinum, Palladium, Titanium Rings

Dear customer

It is with great pleasure that we introduce our newly updated catalogue.

Featuring a broad range of exclusive designs with the quality assurance that accompanies all our products, we remain one of the United Kingdoms' leading wedding ring manufacturers.

Berker Bros offers a comprehensive range of wedding rings, beautifully crafted and at extremely competitive prices. Ours is a family run business where we aim to give a personalised service to each customer. We also hold vast stocks of all our best selling lines so that we are always able to provide fast and prompt deliveries.

Please take note of our extensive range of Platinum rings in both modern and traditional styles (pages 23 to 26) as well as new additions to our ongoing Palladium range (pages 27 to 28). If you do not currently stock titanium jewellery, we would highly recommend giving it a try, since this has proven to be a very lucrative market. Due to strong demand, our Titanium range has recently been broadened (see pages 29 to 35).

As always we are confident that both the expert workmanship and wide choice of our collection will meet your highest expectations and look forward to your continued custom.

Kind regards

Ruth Mill

A wedding ring comes with responsibilities...

... a special trust
... commitment to a long lasting relationship
... dependability

Berker Bros is proud to have honoured those same responsibilities to the market for over 60 years.

Supplying wholesale & retail clients across the nation, we deliver consistently high quality rings at excellent prices. As a family company that will always remain professional and friendly, you'll find our 'no-nonsense' straight-talking style a breath of fresh air. Our wide product range and considerable stock levels, combined with fast turn-around on orders makes Berker Bros the name you can always depend upon.

Whatever the nature of your enquiry, if it's at wedding rings, we say "I do!"
